EDUCATION

Vanderbilt University, Nashville, TN **Expected May 2030**
Bachelor of Science, Computer Science — School of Engineering
Bachelor of Science, Applied Mathematics
Minor: Engineering Management
Relevant Coursework: Programming and Problem Solving, Accelerated Single-Variable Calculus II, Computers and Ethics, Introduction to Engineering

TECHNICAL EXPERIENCE AND RESEARCH

CampusConnect.AI, Richardson, TX **August 2024 – May 2026**
AI Engineering Intern
• Engineered an AI recommendation system that personalized club and event discovery for students
• Contributed to product design and technical research informing feature prioritization

Independent Study and Mentorship Program, Frisco, TX **August 2024 – May 2025**
Research Scholar, selected from a class of 530 students
• Developed an AI business analytics tool for small enterprises across a year-long research cycle
• Interviewed five industry professionals and presented the final product to 200 showcase attendees
• Co-led virtual workshops with a program alumnus, mentoring 30 students on machine learning fundamentals

Kaggle, Remote **August 2024 – Present**
Data Science Competitor
• Ranked in the top 15% of 10,000 global competitors, earning cash awards in prize-based competitions
• Trained predictive models addressing public health, poverty forecasting, and classification

Coyotronics Robotics Team, Frisco, TX **August 2023 – May 2026**
Lead Programmer
• Programmed five autonomous routines using sensor fusion and machine learning techniques
• Collaborated with an eight-member team on robot design; advanced to State in the top 5% of the league

Independent Research, Frisco, TX **2025**
Author, "Convolutional Neural Networks," published on Medium
• Analyzed CNN architecture, backpropagation, overfitting, dropout, and activation tuning; reached 500 readers

IBM Artificial Intelligence Engineering Professional Certificate **2025**
• Completed 140 hours in machine learning, neural networks, and model deployment using Python, TensorFlow, and PyTorch

LEADERSHIP AND INVOLVEMENT

Thanuja.AI, Frisco, TX **August 2024 – Present**
Founder and AI Content Creator
• Founded a media brand across YouTube, Substack, and Instagram producing weekly content on AI tools and strategy
• Guided 1,000 learners in navigating AI tools, workflows, and applications

COMMUNITY SERVICE

McKinney Public Library, McKinney, TX **2017 – 2021**
Volunteer Tutor and Program Assistant
• Ran weekly tutoring sessions across all core subjects for a recurring group of 15 students
• Supported STEM and data literacy programming, guiding 100 children and teens through introductory coding

Tamil Avvai School, Frisco, TX **2020 – 2022**
Volunteer Instructor
• Taught weekly Tamil language and culture classes and contributed to curriculum planning
• Organized festivals and educational events celebrating Tamil heritage across 20 service hours

Rotary International, Tiruchirappalli, India **Summer 2024**
Volunteer, Education Access Initiative
• Co-organized a summer donation drive that raised $8,000 to fund electronics for students near Tiruchirappalli
• Coordinated device delivery to underserved local schools to expand digital learning access

SKILLS AND INTERESTS

• **Programming:** Python, Java, C#, SQL
• **Frameworks and Tools:** TensorFlow, PyTorch, scikit-learn, pandas, NumPy, Git, GitHub, Jupyter Notebook
• **Languages:** Tamil, Spanish
• **Interests:** Volleyball, Clarinet (nine years)
